

1st November 2011

Dear Parents/ Carers,

Year 5 Trip- Tuesday 15th November 2011
Formby Fire Station

I am sure you are aware major construction work has been taking place on the site of Formby Fire Station and is due for completion in the spring of 2012. Trinity St. Peter's CE Primary School has been invited by Formby Fire Station and the building contractors 'Mansell' to take part in a very exciting community scheme to design a mosaic which will eventually be displayed in the new Fire Station.

In the spring term, all KS2 children will be given the opportunity to design a mosaic which incorporates fire and safety; the work of the fire prevention officers; the construction work which has been taking place and also themes which are related to Formby. The winning design, selected by Formby Fire Station and Mansell's, will then be transformed by an artist into a mosaic which is to be housed in an interior aspect of the station.

To help bring this project alive to the children, we have been invited to visit the Fire Station for a tour of the new building so they see for themselves possible locations in which the mosaic may be placed. They will also enjoy an informative talk about fire prevention, look at some of the gleaming equipment used and also a look inside the fire engine!

We will walk to Formby Fire Station at 10.30 a.m. and will return to school in time for lunch. Please ensure your child wears suitable shoes and a warm waterproof coat.

Please inform the school no later than Thursday 10th November if you do not wish your child to take part in this activity.

Yours sincerely,

Mr. M. Dutton
Headteacher

Mrs. C. Hall
Year 3 Class Teacher/ Art Co-ordinator
