Sea!**

*You got it!*

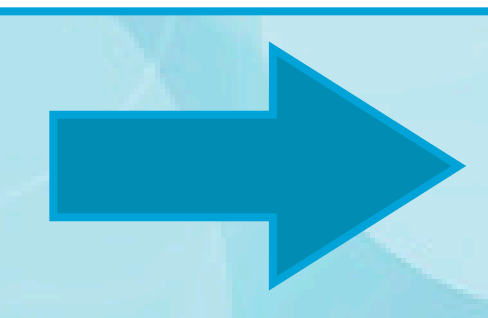

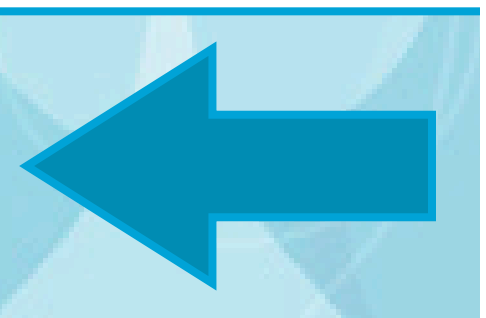

How much of Egypt's power was generated by the Aswan High Dam when it was first built?

None of it

All of it

Half of it

Quarter of it

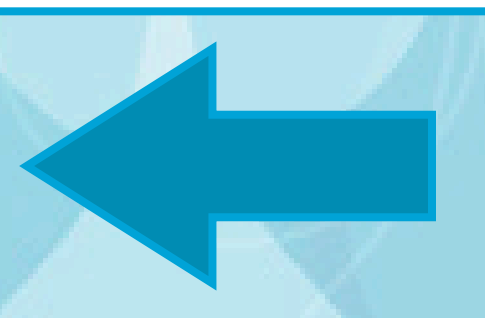

The answer is...

Half of it!

*Fantastic!*

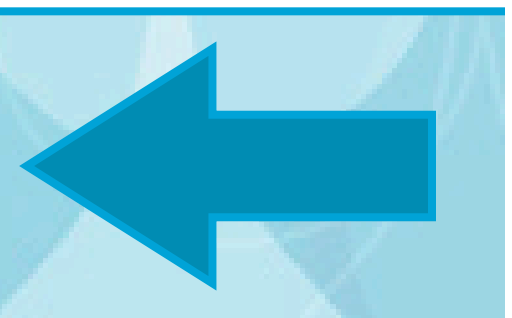

**Why do farmers now use artificial fertilisers on their land?**

**Because the Nile no longer floods and leaves rich sediment behind**

**Because artificial fertilisers are better than natural ones**

**Because it is part of a new law to make farming fairer in Egypt**

**Because modern crops don't grow as well as ancient crops used to**

The answer is...

Because the Nile no  
longer floods and  
leaves rich sediment  
behind

*Bravo!*

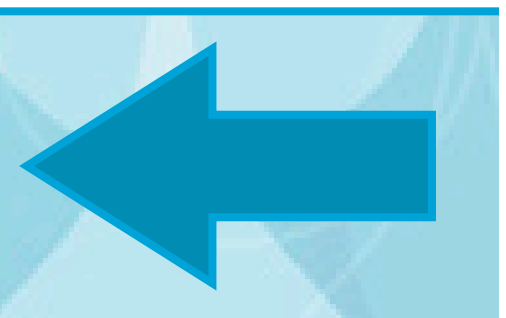

Which of these did the ancient Egyptians not use the Nile for?

**Making papyrus**

**Washing clothes**

**Irrigation**

**Tourist ferries**

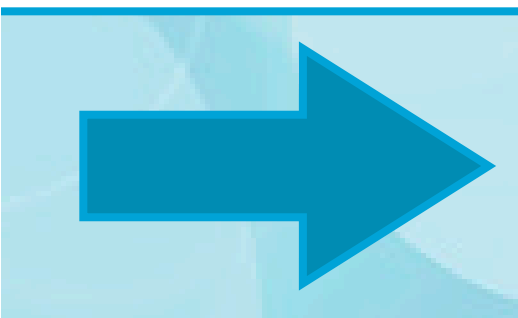

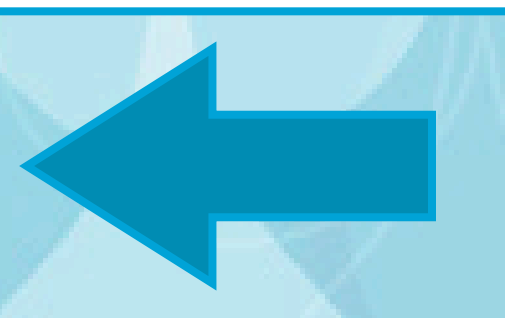

The answer is...

Tourist  
ferries!

*Amazing!*

Well done  
everyone! How  
many questions did  
you get right?
