## Humpty Dumpty

What are you going to choose to go in your bags?

Which do you think will protect Humpty?

Which one won't be a very soft landing for Humpty?

Can you predict what you think is going to happen?

Sing Humpty Dumpty and drop him from the table.

What happened to Humpty?

Did the ones that you thought were going to crack, crack?

Which provided the softest landing for Humpty?
