- 1. Turn the oven on at 180°C or gas mark 4.
- 2. Put a paper fairy cake case in each hole of your fairy cake tray.

3. Put the sugar and 100g of butter in the large mixing bowl and mix it together. The butter needs to be soft so that you can really work it together with the sugar. It should be fluffy and creamy once combined.

4. Sift the flour into the bowl. This gets rid of any horrid lumps and

make the flour nice and airy so you have light fairy cakes. Fold the flour into the sugar and butter.

6. Add the vanilla extract and the eggs to the butter, sugar and flour mixture and mix together.

9. Whilst the fairy cakes are cooking, wash and dry the large mixing bowl. Add the remaining 200g of softened butter to the bowl. Sift the icing sugar into the butter and mix together. The icing should be smooth and creamy. You can add a drop of food colour at this point if you want coloured icing.

- 10. Put the icing into the bag, ready to ice the cakes.
- 11. Once the fairy cakes have cooked, let them cool completely in the tray. When the cakes are cool, pipe the icing onto each fairy cake. Letting the cakes cool fully stops the icing from melting!
- 12. Decorate the cakes with your choice of sweets and sprinkles!
