

Ahoy there Matey,

Shiver me timbers! I am not happy. Some landlubber has hidden me treasure in a tricky counting trail.

I've tried me best to follow the trail and find me treasure but it's tricky! You need to count actions, like jumps and claps... IMPOSSIBLE! I thought you could only count objects, like coins.

I am never going to get my treasure back, unless someone can follow the trail and work out a way to count the actions. Then, I can get me hands on all that lovely pirate booty!

Follow the clues and find each poster. Once you've done each challenge, then you'll find me treasure!

Can you help me?

All hands hoy and heave ho!

Many thanks,

Captain Pete
