

## 'Rocket Balloon' Comprehension Answers

1. ***A straw; a piece of string; a balloon.***

2. ***"inflate"***

3. Let go of the balloon: **4**

Collect all the equipment that you need: **1**

Blow up the balloon: **3**

Tie the string onto a chair: **2**

The balloon starts to move: **5**

4. ***The balloon starts to move.***

5. ***The second picture should be ticked.***

6. ***"Action and reaction"***

7. ***Rockets work in a similar way to this rocket balloon.***

8. ***The balloon might travel faster like a rocket shown in the text.***

*(Other answers might be that: the movement will be different - e.g. slower. Or that a rocket is a different size and travels at a different speed to the balloon).*
